Instructions

This eight-sided red sign means STOP. You must make a complete stop at the stop line. If there is no stop line, stop before entering the crosswalk. If there is no crosswalk, stop before entering the intersection. Yield the right of way to pedestrians and approaching traffic. At an all-way STOP sign, wait for your turn. If the STOP sign is a temporary sign erected by highway authorities, it should be treated as if it were a permanent STOP sign. If the STOP sign is handheld, stop until an authorized person, such as a school guard or construction zone flagger, signals that it is safe to proceed.

Brought to you by your fellow residents.
